Snapper Snapper Snapper!! They are everywhere except where we want them to be on our comp days. The weather has been terrible resulting in two cancelled comps this months. I am glad to say that it hasn't stopped some of us getting out and catching a few nice snapper. To the best of my knowledge so far Andrew Pawsey has caught one just under 8 g. Don't forget to get amongst them on our last comp for the year 9/12/01

Which is also our Christmas break up Barbeque tea at Buchanan Park Berwick. We would love to see you there, lollies and soft drink for the kids will be provided.

I hope everyone has a merry Christmas and a Happy New year. Great fishing to all over the break.

See you at the next meeting in Feb which will now be the LAST Wednesday in the month.

"Buggered if I know how much money we have got in the bank"

Correspondence: "just the usual bullshit"

Our esteemed treasurer /Secretary did however raise the concerns he has over the value of incorporation and the possibility of taking out independent insurance.. He is seeking professional advice .
