Trash Talk

This month's comp was to a fresh water comp anywhere in Victoria where you can legally fish at this time of year – from Friday 18 -20 Aug.

On the back of half the club coming home from Swain's Reef the week prior, it was always going to be a struggle getting numbers, most had run dry of brownie points anyhow.

Also with the cold wet weather that weekend, all but two fishers left from their warmy cosy nook at the Thornton Pub into the elements. They being Al and Andy who ventured out into the freezing weather at Eildon. Al picked up two good size trout. The unfortunate news for him, "no comp" as there were not more than 4 fishers entered. Hard lines Al but good on you and Andy for getting out there. The attendance award may have helped the pain a bit.

No change to the leader boards as a result.
