Trash Talk

2 – 4 Feb 2018– Both Bays - comp 1

Our first comp of since Nov 2017. Most of the BAC went to the entrance in Port Phillip Bay to try their luck on Kingy's. After trawling and bobbing around Carrots was hooked up. With adrenalin flowing he fought the monster but it was too big and snapped him off! Bit stiff there!! The rip only lets you fish for the change so the crews moved into calmer waters for different prey. Fothers found a nice 10kg gummy, a fu\$%cn BANG moment! Moulds had half that luck with a 4kg model. Noice work to them both! The only crew to venture to Westernport, well out the front just of Killy, was Team Trait - Clav and Raz. A great session on good size flatties on fairly flat seas. As the waves got a bit too scary we went inside and capped off with a couple of small gummies in the special spot. A great day of fishing had!

Foth took home the prize, Moulds in with runner up.

16 -18 Feb – Port Welshpool - comp 2

Travelling to the Long Jetty van park, we had a 2 onsite units, the rest camping out. There were Big Daddies galore. Must have been a sale at King's! The weather was looking after the campers which was a bonus. The fishing was great for some and average for others. Thorny was the most efficient fisher in the club on this trip, bagging out in about 2 minutes with 50+kgs of gummy on board. Nice one Thorny!! Others who faired well were Foth, Tim, Chub, Vargs and Johnno. Oops hang on, Johnno was the king for a split second but had a John West moment and the gummy, biggest ever seen by his crew, rejected him. She also liked Johnno's rod and reel and took them with her as she departed. Better luck next time mate!!! Overall about 165kg of gummy haled up – not too bad! Could have been more!!
