Welcome to a new year for the club, results of our AGM were that the current committee was elected unopposed, that is

President Russel Trait

Vice President Darren Gambetta

Secretary Andrew Matthews

Treasurer and Comp Captain Max Adlam

Weigh Master Bob McGill

Public Officer Warren Bell

Editor and SGACA Rep. Tony Matthews

Many thanks to the committee and all those other people who chip in and help with cooking, organising events and providing their premises and equipment for comps etc.

Also a big thank you to our comp sponsors, guys if you want something done that is in the field of one of our sponsors then please give them a favourable try.

Congratulations to Carrots for winning the Angler of the Year, when the challenge was presented like a true champion he rose to the occasion, also congratulations to Luke Ostrom for winning the Junior Angler of the Year and also congratulations to Moulds for winning the Boat of the Year.

There was plenty of Cod caught at Bundalong on the Sunday morning and it is good to see that all fish were returned to the river.

Guys, your membership fees are now due, they are Family \$100, Single \$70, if you wish to pay by direct debit our banking details are at the top of our letter head, please let Max know if you have paid this way.

Tony's Trash

I would like to thank the small group of members who did make it to Bundalong for providing so much for the Trash file, this truly was an effort above and beyond the call of duty.

First mention goes to Hodgey who while night fishing headed upstream instead of downstream as intended on the Ovens river, rumour has it that he only discovered his mistake when he saw the Wangarrata town lights coming up. I hear he was sober when this happened, could this be what caused his mistake?

Our really superhuman effort came from Carrots who when releasing his prize winning Cod forgot to remove the Lip Grip, if you catch a Cod that looks a bit like a hippy then that is really Carrots Lip Grip and not a nose piercing.

Next Carrots again, while extraditing his boat by hand from around some snags grabbed a hand full of Wasp's nest (ouch, that's really putting the bite on things)

Finally, Carrots again, while travelling up the river managed to ground his boat so badly on a submerged log that after 45 minutes of trying to free the boat had to call on a passing Ski boat to tow him off, Carrots, this is really a NAFA winning effort.
